

## Letter to the Editor (The Gauntlet)

Due to the current increase in anti-Zionist activity on both Mount Royal University and University of Calgary's campus, I am strongly considering alternative options as to where I should pursue my law degree. As a student and an activist for peace I am stalwartly disgruntled by the continued spewing of lies and hate which have put a bad name on Jewish people, and the peace-pursuing state of Israel. By allowing these messages of hatred to be in news sources such as The Gauntlet, we are promoting dishonesty and prejudice around institutions that promote equality and acceptance.
